EDUCATION

B.Tech (IT)	Sri Eshwar College of Engineering,	**CGPA: 8.24 (up to 5th sem)**	2021 - 2025
HSC	Oxford Matriculation Higher Secondary School	**PERCENTAGE: 88.2**	2019 - 2021
SSLC	Oxford Matriculation Higher Secondary School	**PERCENTAGE: 88**	2018 - 2019

INTERNSHIPS

MERN STACK WEB DEVELOPMENT   2023
Participated in an internship program which was conducted by **Channel B.Tech.** With this internship program an extensive experience gained in developing web application using the **MERN Stack.**

FULL STACK DEVELOPMENT   2023
Participated in an internship program which was conducted by **Edu Station.** Completed a comprehensive internship specializing in **Full Stack Development**, acquiring advanced skills in **React JS**, **Spring Boot Framework** and **MySQL**.

PROJECTS

RESCUE AGENCIES
Technologies like **Java 8**, **Spring Boot**, **REST API**, and **JPA** alongside **MySQL Workbench** have been used to develop the backend for the **Rescue Agency** website. Project includes modules for **user** and **agency logins**, facilitating **communication** and **collaboration** during incidents.

SECOND HAND ITEMS
Website facilitating online product buying and selling. **Users** can search for products based on their requirements, **buy** and **sell** items. Project employs **HTML**, **CSS**, **React JS**, **Java 8**, **Spring Boot**, **REST API**, **JPA**, and **MySQL Workbench**. Development tools include **VS Code**, **IntelliJ**, **Chrome** and **Postman**.

SMART E-BUS SERVICES SOLUTION -BOOK ANYWHERE AT ANY TIME
A Java-based web application, utilizing **Java 8**, **Spring Boot**, **REST API**, **JPA**, and **MySQL Workbench,** streamlines bus ticket booking. Users can search and select pick-up and drop-off locations, view bus details including **timing** and **available seats**, and **make bookings**. The system facilitates **real-time rate updates**, **offers**, and **deals** for customers and agents.

BANK MANAGEMENT SYSTEM
A **Java 8-based** banking system, utilizing **Spring Boot**, **REST API**, **JPA**, and **MySQL**, facilitates **account management**, including **creation, profile updates, deposits,** and **withdrawals**. Accessible through **Postman**, developed with **IntelliJ**, users can conveniently update their **contact details**, **deposit**, and **withdraw funds**.

CERTIFICATIONS

Spring MVC, **Spring Boot and Rest Controllers** and **Spring Data Repositories** in **Coursera**.	**2023**
Java, **JavaScript** in **Hacker Rank**.	**2023**
Front End Development – HTML, **Front End Development – CSS** in **Great Learning**	**2023**
Java in **Coding Ninja** and **GUVI**.	**2023**

SKILLS

Languages	: Java | C (Basics) | Python (Basics)
Web Technologies	: HTML | CSS | React JS(Beginner) | Spring Boot
Tools	: IntelliJ IDEA | VS Code | Postman | Git Hub | MySQL
Others	: DSA | OOPS | DBMS | JPA | Swagger | Monolithic | Tomcat | Hibernate(basics) | REST API

ACHIEVEMENTS

Won **special mention award** in Coding premier League contest **Among top 100 coders**.
Ranked within the top 13.29% among 21,262 users in the 1650-1700 rating range on LeetCode.
Participated in the **2023 SIH Hackathon** offered an opportunity to collaborate, innovate, and tackle **real-world challenges**.
Achieved the **top position** once among **369 average participants** at **Sri Eshwar College of Engineering** in a **Coding Ninja contest**.
Earned a **5-star badge in Java**, an **Amateur Badge** and a Basic Programming **3-star badge** on HackerEarth.

CODING PLATFORM

LEET CODE – Max rating **1691** | **390+** problems | **54 contests | 50 Days Badge 2023 & 2024 |** Global Rank 65,633.
CODE CHEF – Max rating **1035** | Global rank **164795** | Solved **200+** problems | **1** star coder | **Problem Solver - Silver Badge.**
CODING NINJA – Solved **270+** problems | **Contest rating 1687** | **Master batch** on Java | **2** batch on **Math and Array.**
HACKER RANK – Solved **100+** problems | **5-star Gold** Badge in **Java** | **Attended 30+ Contest** |**50-day badge 2023**.
